

THE 2007 COMPLIANCE REGISTER OS+CaR AWARDS

OFFICIAL MUSIC ALBUM – I FEEL GOOD

After all the negative news with the credit crunch, Northern Rock and wrestling with the MiFID monster, I have decided to call this album “I Feel Good” to cheer you up.

We are honoured this year to have Cheryl Baker on the CD singing a duet “I Feel Good” with myself. This CD is the result of many hours of dedication by all those involved including all the musicians and vocalists. Alexandra Merlino made her solo debut with two songs. Bob White was guest guitarist for some the tracks including the two instrumentals. This album also features our musical director, Terry Marshall’s own composition “Stony Brazil”.

In particular, we are indebted to Cheryl Baker to taking the time to record the song. We hope you enjoy it as much as we did in producing it.

All sale proceeds from this album will be donated to the charity, BBC Children In Need.

Thank you for your kind support.
